TOM

Description:

Pouf and table combined

TOM is a unique pouf that fits under an elegant coffee table. It's function and style merged into a new and innovative product concept. If you need an additional seat, you can simply take out the pouf. If not, the pouf fits under the table and creates an additional storage place for magazines, cell phones, remotes and other small items. The soft shape is inspired by antique barrel drums from Asia and adds a unique touch to the room.

Year of design: 2018

Design: Sascha Sartory

After his studies in product- and industrial design at the University of Applied Science Aachen and University in Wuppertal, Sascha Sartory worked for various design agencies and learned how to combine the latest technologies, trends and materials to create new and innovative design products. Today he is working as an independent designer as well as being co-founder and part of the FORMFUSION Produktdesign team.
