TRIBECA

Description:

Asymmetrical refined look The design of this funky coffee table challenges the conventional perception of what legs on a coffee table should look like. The frame is based on a simple construction using angles and repetition to produce a surprisingly asymmetrical and sophisticated look. The base comes in chrome, white or black. The tabletop is lacquered white or black.

Year of design: 2012

Design: Busk+Hertzog

busk+hertzog was established in Denmark in 2000 by Flemming Busk and Stephan B. Hertzog, and their successful studio, today located in Lisbon Portugal, has won more than 75 of the most prestigious international design awards, including Red Dot Award - Best of Best, IF Awards and Good Design Awards. busk+hertzog's design characteristics are sculptural, clean lines and a simple expression with minimal embellishment, and they often get their inspiration from shapes and lines found in nature.
